

AR Auth and Referral scenarios Script

Scenario: Authorization / Precertification with Retroactive Approval

Variation A – Emergency Services

Opening

AR: “Good morning, this is Alex from Dr. Smith’s billing office. I’m checking claim for patient John Miller, DOB 05/10/1980, DOS 08/05/2025.”

Body

Insurance Rep: “Claim denied. No authorization on file.”

AR: “We have documentation for retroactive authorization due to emergency services. Authorization #E12345 covers this DOS.”

Insurance Rep: “Retroactive authorization is valid for emergency services. Claim will be reprocessed once submitted with the auth.”

Closing

AR: “Perfect. I’ll submit the retroactive authorization immediately. Thank you for your assistance today. Have a great day.”

Variation B – Authorization Expired

Opening

AR: “Hello, this is Alex from Dr. Smith’s billing department. I’m calling about claim for Maria Gonzalez, DOB 12/14/1982, DOS 07/20/2025.”

Body

Insurance Rep: “Claim denied. Authorization expired.”

AR: “Can we submit a request for retroactive authorization for this DOS?”

Insurance Rep: “Yes, submit the clinical documentation for review. Retroactive approval is at the payer’s discretion.”

AR: “Understood. We’ll submit immediately and notify once approved.”

Closing

AR: “Thanks for clarifying. I’ll follow up with the retro auth submission. Have a good day.”

AR Auth and Referral scenarios Script

Variation C – Authorization Exists but Not on Claim

Opening

AR: “Good afternoon, Alex from Dr. Smith’s office. I’m checking claim for Kevin Davis, DOB 03/08/1975, DOS 07/25/2025.”

Body

Insurance Rep: “Claim denied; no authorization on claim.”

AR: “We have a valid retroactive authorization for this DOS. Can I provide the auth number?”

Insurance Rep: “Yes. Submit the claim with the retro auth, and it will be reprocessed.”

Closing

AR: “Perfect. I’ll submit the corrected claim with retroactive authorization. Thanks for your assistance. Have a great day.”

Variation D – Correct Auth Exists, Claim Missing It

Opening

AR: “Good morning, this is Alex from Dr. Smith’s billing office. I’m calling about claim for Lisa Taylor, DOB 09/12/1985, DOS 08/01/2025.”

Body

Insurance Rep: “Claim denied; authorization not submitted.”

AR: “We have a valid retroactive authorization. Can the claim be reprocessed once submitted?”

Insurance Rep: “Yes, submit the corrected claim with retro auth, and it will be re-adjudicated.”

Closing

AR: “Thanks for confirming. I’ll submit the claim with retroactive authorization immediately. Have a good day.”

AR Auth and Referral scenarios Script

Variation E – POS 23

Opening

AR: “Hello, Alex from Dr. Smith’s office. I’m checking claim for patient Robert Smith, DOB 06/15/1978, DOS 07/30/2025.”

Body

Insurance Rep: “Claim denied for missing authorization.”

AR: “This service was at POS 23. Authorization not required. However, we also have retroactive authorization on file if needed.”

Insurance Rep: “POS 23 does not require auth. Retro auth is not necessary for this claim; it will be reprocessed.”

Closing

AR: “Thank you for confirming. I’ll follow up for reprocessing. Have a great day.”

AR Auth and Referral scenarios Script

Scenario: Claim Denied – Authorization Absent / Missing

Variation A – No Authorization Submitted

Opening

AR: “Good morning, this is Alex from Dr. Smith’s billing office. I’m calling regarding claim for patient John Miller, DOB 05/10/1980, DOS 08/05/2025.”

Body

Insurance Rep: “Claim denied. No authorization or precertification was submitted for this service.”

AR: “Thank you. Can this claim be reconsidered if we submit a retroactive authorization?”

Insurance Rep: “Yes, you may submit a retroactive authorization with supporting clinical documentation. Approval is at the payer’s discretion.”

AR: “Understood. We’ll obtain and submit the retro authorization immediately.”

Closing

AR: “Perfect. I’ll follow up once the retro authorization is submitted. Thank you for your assistance today. Have a great day.”

Variation B – Authorization Exists but Missing on Claim

Opening

AR: “Hello, this is Alex from Dr. Smith’s billing department. I’m checking claim for Maria Gonzalez, DOB 12/14/1982, DOS 07/20/2025.”

Body

Insurance Rep: “Claim denied; authorization is not listed on the claim.”

AR: “We have a valid authorization on file with the insurance. Can we submit a corrected claim with the authorization attached?”

Insurance Rep: “Yes, once the corrected claim is submitted with the authorization, it will be reprocessed.”

AR: “Understood. We’ll submit the corrected claim immediately.”

Closing

AR: “Thanks for confirming. I’ll follow up after submission. Appreciate your help today. Have a good day.”

AR Auth and Referral scenarios Script

Variation C – Retroactive Authorization Required

Opening

AR: “Good afternoon, this is Alex from Dr. Smith’s office. I’m following up on claim for Kevin Davis, DOB 03/08/1975, DOS 07/25/2025.”

Body

Insurance Rep: “Claim denied; no authorization on file.”

AR: “We can submit a retroactive authorization for review. Will that allow the claim to be reprocessed?”

Insurance Rep: “Yes, submit the retro authorization along with clinical documentation. The claim will be reviewed for possible approval.”

AR: “Perfect. We’ll submit the retro authorization immediately.”

Closing

AR: “Thank you for confirming. I’ll follow up once it’s submitted. Appreciate your assistance today. Have a good day.”

AR Auth and Referral scenarios Script

Scenario: Claim Denied – Referral Issues

Variation A – Missing Referral

Opening

AR: “Good morning, this is Alex from Dr. Smith’s billing office. I’m calling regarding claim for patient John Miller, DOB 05/10/1980, DOS 08/05/2025.”

Body

Insurance Rep: “Claim denied. No referral was submitted for the specialist service.”

AR: “Thank you. Can this claim be appealed if we submit a retroactive referral?”

Insurance Rep: “Yes, submit the retro referral along with supporting documentation.

Approval is at the payer’s discretion.”

AR: “Understood. We’ll submit the retro referral immediately.”

Closing

AR: “Perfect. I’ll follow up once the retro referral is submitted. Thank you for your assistance. Have a great day.”

Variation B – Referral Submitted but Invalid / Wrong PCP

Opening

AR: “Hello, this is Alex from Dr. Smith’s billing department. I’m checking claim for Maria Gonzalez, DOB 12/14/1982, DOS 07/20/2025.”

Body

Insurance Rep: “Claim denied. The referral submitted is invalid or from the wrong primary care provider.”

AR: “Thanks. Can you confirm what correction is needed?”

Insurance Rep: “Submit a referral from the correct PCP with dates covering the DOS. Retroactive approval may be allowed.”

AR: “Understood. We’ll obtain the correct referral and submit a retroactive request if needed.”

Closing

AR: “Thanks for clarifying. I’ll coordinate the corrected referral and submit it. Have a great day.”

AR Auth and Referral scenarios Script

Variation C – Referral Exists but Not on Claim

Opening

AR: “Good afternoon, Alex from Dr. Smith’s office. I’m following up on claim for Kevin Davis, DOB 03/08/1975, DOS 07/25/2025.”

Body

Insurance Rep: “Claim denied; referral was not included on the claim submission.”

AR: “We have the referral on file with the insurance. Can we submit a corrected claim with the referral attached?”

Insurance Rep: “Yes. Once the corrected claim is submitted with the referral, it will be reprocessed.”

AR: “Understood. We’ll submit the corrected claim immediately.”

Closing

AR: “Thanks for confirming. I’ll follow up after submission. Appreciate your help. Have a good day.”

Variation D – Retroactive Referral Required for Approval

Opening

AR: “Hello, this is Alex from Dr. Smith’s office. I’m calling regarding claim for patient Lisa Taylor, DOB 09/12/1985, DOS 08/01/2025.”

Body

Insurance Rep: “Claim denied. No referral on file.”

AR: “We can submit a retroactive referral. Will that allow reprocessing?”

Insurance Rep: “Yes, if you submit the retro referral with clinical documentation, the claim will be reviewed for approval.”

AR: “Perfect. We’ll submit the retro referral immediately.”

Closing

AR: “Thank you. I’ll follow up once it’s submitted. Appreciate your time today. Have a good day.”

AR Auth and Referral scenarios Script

Scenario: Claim Denied – Referral Absent / Missing

Variation A – No Referral Submitted

Opening

AR: “Good morning, this is Alex from Dr. Smith’s billing office. I’m calling regarding claim for patient John Miller, DOB 05/10/1980, DOS 08/05/2025.”

Body

Insurance Rep: “Claim denied. No referral was submitted for this service.”

AR: “Thank you. Can this claim be reconsidered if we submit a retroactive referral?”

Insurance Rep: “Yes, you may submit the retroactive referral with supporting clinical documentation. Approval is at the payer’s discretion.”

AR: “Understood. We’ll obtain and submit the retro referral immediately.”

Closing

AR: “Perfect. I’ll follow up once the retro referral is submitted. Thank you for your assistance today. Have a great day.”

Variation B – Referral Missing from Claim Submission

Opening

AR: “Hello, this is Alex from Dr. Smith’s billing department. I’m checking claim for Maria Gonzalez, DOB 12/14/1982, DOS 07/20/2025.”

Body

Insurance Rep: “Claim denied; referral is missing from the claim submission.”

AR: “We have a valid referral on file with the insurance. Can we submit a corrected claim with the referral attached?”

Insurance Rep: “Yes, once the corrected claim is submitted with the referral, it will be reprocessed.”

AR: “Understood. We’ll submit the corrected claim immediately.”

Closing

AR: “Thanks for confirming. I’ll follow up after submission. Appreciate your help today. Have a good day.”
